

# The FEBS-EMBO 2014

Conference - Palais des Congrès de Paris  
30 August - 4 September

The 39<sup>th</sup> FEBS Congress  
and The EMBO Meeting 2014.  
A joint conference to celebrate  
the 50<sup>th</sup> anniversaries of EMBO and FEBS  
and the 100<sup>th</sup> anniversary of SFBBM.

# CONTENTS

|   |     |  |     |
|---|-----|--|-----|
| <b>Committees</b> .....   | 002 | S2 RNA world .....   | 172 |
| <b>Key Information</b> .....  | 004 | W9 Enzymes reacting with organophosphorus agents .....                               | 177 |
| <b>Floor Plans</b> .....  | 010 | S11 Ion channel signaling: From spatial structures to physiological mechanisms ..... | 178 |
| <b>Congress Program Overview</b> .....  | 014 | S12 Membrane transport and secretion: From nephrons to neurons .....                 | 180 |
| <b>Opening Ceremony</b> .....   | 018 | S16 Biochemistry for medicine .....  | 182 |
| <b>Plenary Lectures</b> .....   | 020 | S21 Stem cells: Fundamentals and applications .....                                  | 205 |
| <b>Main and Satellite Symposia</b> .....  | 022 | S28 Glycobiology: Carbohydrate-protein recognition .....                             | 208 |
| July 7 .....  | 022 | S31 Biogenic polyamines in cell metabolism .....                                     | 210 |
| July 8 .....  | 042 | S34 WISE Session .....   | 212 |
| July 9 .....  | 064 | S3 DNA damage and repair .....   | 213 |
| July 10 .....   | 088 | W5 Nucleic acid targets and therapeutics .....                                       | 217 |
| July 11 .....   | 112 | W8 Protein dynamics .....  | 220 |
| <b>Poster Sessions</b> .....  | 124 | S13 Biochemistry of stress response .....  | 222 |
| W4 Evolutionary genomics .....  | 124 | S18 Mechanisms of G protein signaling .....  | 231 |
| S15 Regulation of Biological Processes by Ubiquitin and Ubiquitin-like Proteins in Health and Disease: Proteolysis, Autophagy and Apoptosis ..... | 125 | S22 Molecular basis of autoimmunity .....  | 234 |
| S20 Photoreception and biochemistry of vision .....   | 126 | S23 Immunochemistry and bioengineering .....   | 236 |
| W24 B cells in inflammation and disease .....   | 126 | S26 Metabolism of marine organisms: Structure and activities .....                   | 238 |
| S25 Proteomics and peptidomics .....  | 127 | S27 Signaling pathways in plants .....   | 240 |
| S1 Organization of eukaryotic genomes .....   | 134 | S29 Bioinformatics .....   | 244 |
| S6 Biocatalysis: General problems .....   | 139 | S30 Systems biology .....  | 247 |
| S7 Protein structure and folding .....  | 143 | S32 Biochemistry of invertebrates .....  | 251 |
| W10 Alexander Braunstein Memorial Symposium: Enzymes, cofactors, mechanisms .....   | 153 | S33 Bioengineering: Fundamentals and application .....                               | 253 |
| S14 "Mitochondriology": New approaches in bioenergetics .....   | 155 | S35 Science and Society Session .....  |     |
| S17 Biochemistry of neoplastic transformations .....  | 158 | C-HPP Scientific Meeting for the Chromosome-centric Human Proteome Project .....     |     |
| S19 Biochemistry of neurodegeneration .....   | 164 | <b>Exhibitors</b> .....  | 258 |
| S36-37 Education in Biochemistry and Molecular Biology .....  | 170 |  |     |
